THE INSPIRATION

JUSTICE TRIBENI SAHAI MISRA (TSM)

Justice Tribeni Sahai Misra (1922–2005) was a distinguished jurist, academician, and educationist whose life exemplified excellence in law, public service, and education. Born in Mahona, Lucknow, he pursued his education in Science, Mathematics, English, and Law, earning his M.A. (English) and L.L.B. with distinction. During his student years at Allahabad University, he actively participated in the Quit India Movement of 1942 and was imprisoned for his involvement.

Justice Misra began his career as a legal practitioner before briefly working in corporate roles. His passion for academics led him to teaching, where he served as Assistant Professor and later Dean of the Faculty of Law at Kanya Kubj College, Kanpur. Recognized for his legal expertise, he was appointed

District Government Counsel in 1964 and elevated as a Judge of the Allahabad High Court in 1971. He later served as Chief Justice of the Guwahati High Court, Governor of Assam and Meghalaya, and Lok Ayukta of Bihar, retiring from active public service in 1991.

A keen sportsman and respected public figure, Justice Misra left behind a remarkable legacy of legal excellence and public service. His family has continued this legacy through distinguished careers in law, governance, academics, and social service. His youngest son, Shri Satish Chandra Misra, went on to establish T.S. Mishra University, ensuring that Justice Misra's lifelong commitment to education and justice continues to inspire future generations.

JUSTICE TRIBENI SAHAI MISRA

**SHRI SATISH CHANDRA
MISRA**

CHANCELLOR

The TSM Group of Colleges comprising of the TSM Medical College, and the TSM College of Nursing, Paramedical and Pharmacy, have already made their mark on the Higher Education Landscape. Known for their outstanding Faculty and excellent infrastructure, the graduates from these colleges are known for their professional skills, dedication and exemplary service in their respective field. We are now starting a new and exciting journey as the T S Mishra University; as a University, we are able to provide a better and a more enabling environment for the students to realize their true potential.

We shall be offering new programs and courses with world class faculty, teaching and research facilities to enable our students to remain future ready.

I invite all of you to join us in this exciting journey of unleashing the powers of transformation through education. Together we shall make our societies, nation and the world a better place for all.

**SMT. KALPNA MISRA**

THE CHAIRPERSON

(VEDIC AND FUTURISTIC EDUTECH)

Founded in the memory of the Late Justice T S Misra, the TSM University is committed to his vision of transforming and empowering young generations through education and capacity building. We believe that today's youth is proud of his/her culture and heritage while at the same time embracing modern knowledge and skills. It shall be our endeavor that the academic ethos of the University, enable young generations to acquire the capabilities, skills and capacities to embrace change and progress and have a successful and fulfilling journey in life; contributing to the progress of the society, nation and the world.

It would be a fitting tribute to the Late Justice T S Misra that students make good use of their time on the campus and do us proud by blending modernity and tradition, embracing their heritage while being global citizens with cutting edge knowledge. I extend my best and warmest wishes to all of you.

**SHRI KAPIL MISRA**

PRO CHANCELLOR

These are exciting times as we commence our journey as the TSM University; it is our vision to foster an environment which enables us to be a part of a community committed and passionate about pushing boundaries, embracing diversity, and fostering positive changes on a global scale.

As a University, we shall be redefining the boundaries of knowledge and embracing innovation in all its forms. We believe that by cultivating a diverse and inclusive environment, we can unlock the full potential of our collective talents and ideas. Our vision extends well beyond traditional academic pursuits and is dedicated to transforming and empowering our students to be the next generation of leaders in their field, thinkers, creators, innovators motivated to addressing the pressing challenges facing our world today. We shall strive to instill in our students a sense of responsibility, empathy, and a commitment to making a meaningful impact in their communities and beyond.

I invite all of you to join us and be a part of our global community. Together, let's build a future we can all be proud of.

**SHRI PRASHANT TRIVEDI,
IAS (RETD.)**

VICE CHANCELLOR

We are deeply aware of the challenges facing the present generation; the socio economic landscape is rapidly transforming into one that is increasingly knowledge based and technology driven. It is our endeavour to provide our students with the skills and ability to deal with such a world and stay relevant and ahead of the curve in terms of their skills- both hard and soft. At TSM University we believe that students should be able to continuously upgrade their competence so as to adapt to and face confidently an ever changing and increasingly globalised society. We hope to enable our students to be good citizens and to both contribute and benefit from their societies, nation and the world.

DR. G.P. SINGH

PRO-VICE CHANCELLOR

At T.S. Mishra University, we provide students with a value-based education that nurtures professional, intellectual, and personal growth, preparing them to excel as global leaders and citizens. Our unique approach ensures holistic development, fostering lifelong learning and progressive thinking.

Our educational environment is interdisciplinary and integrative, with a curriculum designed to promote values, multiple skill sets, and flexibility, aligning with future industry demands. Students enjoy the freedom to customize their learning paths to achieve their career aspirations.

Set in a serene, lush-green campus with modern infrastructure, expert faculty, and innovative teaching methods, T.S. Mishra University offers an ideal environment for learning, research, and entrepreneurship. Through industry collaborations, Centers of Excellence, and specialized laboratories, we develop graduates who drive innovation, create impactful solutions, and attract top global recruiters.

I warmly welcome you to this vibrant learning community and wish you a fulfilling educational journey and career success.

MRS. PRANITI MISRA

EXECUTIVE DIRECTOR

We are pleased to announce that our TSM University has achieved numerous milestones over the past few year, thanks to the collective efforts and dedication of each and every member of our TSM University. The commitment of our faculty and researchers to advancing knowledge and pushing the boundaries of academic inquiry has brought national and international recognition to our institution. Through a combination of experiential learning, cutting-edge technology, and an emphasis on critical thinking, we continue to prepare our students to excel in their chosen fields and to become responsible global citizens.

Looking ahead, we have ambitious plans for the future of our university. Our strategic vision includes expanding our interdisciplinary programs, furthering our engagement with global partners, and continuing to enhance our campus infrastructure to provide an unparalleled educational experience for all members of our global community. Together, we will continue to uphold the values that define our institution and to inspire the future generation of leaders, scholars, and innovators. Thank you for your continued dedication to our university, and I look forward to the journey ahead.

DR. SANDEEP RAI

REGISTRAR

At T S Mishra University, Lucknow, we are committed to create a vibrant academic environment that fosters excellence in education, research, and innovation. As the Registrar, it is my privilege to oversee the administrative functions that enable the seamless operation of the University and ensure that our students, faculty, and staff receive the support they need to thrive. Our mission is not only to provide high-quality education but also to shape individuals who will contribute positively to society. We believe in nurturing ethical, responsible, and knowledgeable citizens who are equipped to meet the challenges of a rapidly changing world. In keeping with our vision, we are dedicated to promote a culture of integrity, transparency and collaboration across all University processes. T S Mishra University is a place where diversity is celebrated, innovation is encouraged, and lifelong learning is prioritized. I invite all students, faculty, and stakeholders to engage fully with the opportunities presented by the university and to contribute actively to our shared journey of growth and success. We are committed to continual improvement and to create an inclusive and supportive atmosphere for academic and personal development. I look forward to work closely with all members of the University to uphold the values and goals that define our institution.

Campus Overview

T.S. Mishra University offers a modern, expansive campus designed to support academic excellence, innovation, and holistic student development. Equipped with smart classrooms, advanced laboratories, digital libraries, and campus-wide high-speed Wi-Fi, the university provides an enriching learning environment. With strong research facilities, vibrant student life, sports and wellness amenities, and a focus on industry readiness and global exposure, the campus fosters both personal and professional growth.

Vision & Mission

The Vision of the TSM University is to use the transformative powers of education and impart knowledge and wisdom to its students thereby harnessing their potential to contribute to society, economy and culture.

This Vision shall inspire the Mission of the University to develop capabilities and capacities in its students to achieve their true potential and successfully pursue their passions and dreams, embracing their journey of life with all its beauty, challenges and mysteries.

Today, uncertainty and change is the new normal. The TSM University seeks to redefine education in terms of quality, content and pedagogy. The programs, courses and activities on campus are oriented towards inculcating skills, knowledge and wisdom such that students navigate the future with awareness of their past and be always prepared and ready to face all the opportunities and challenges with consummate perfection.

Awards, Accreditation & Recognition

Awards Best Upcoming Medical college & Hospital

T.S.Misra Medical College has made a name for itself among the top medical institutes of the country, within a span of just two years since its establishment. It is a matter of immense pride and delight for us to have won the award for the BEST UPCOMING PRIVATE MEDICAL COLLEGE AND HOSPITAL in the state of Uttar Pradesh; at the Health Icon Awards 2017.

T.S.Misra Medical College has made a name for itself among the top medical institutes of the country, within a span of just two years since its establishment. It is a matter of immense pride and delight for us to have won the award for the BEST UPCOMING PRIVATE MEDICAL COLLEGE AND HOSPITAL in the state of Uttar Pradesh; at the Health Icon Awards 2017.

TSM Nursing College gets awarded "A" Rated Institute by UPSMF

TSM is committed to setting new standards for quality education in healthcare. This time, TSM college of Nursing & Paramedical Sciences was felicitated with the award of 'A' rating by the Uttar Pradesh Government as part of their "Nirmaya" Mission. TSM received the award for its excellent infrastructure, academic excellence and its holistic approach to education. The event was organized by U.P. State Medical Faculty (UPSMF) on 12/9/23 at SGPGI Lucknow.

The award was presented by Hon'ble Deputy Chief Minister of UP Shri Brajesh Pathak ji, and was received by Vice chairman, Mr. Kapil Misra & Mrs. Praniti Misra, Director, Nursing. "We are elated to have received this award in such a short span since our inception, and we promise to continue striving for excellence to enhance the educational experience of our students. TSM aspires to be the pride of Lucknow when it comes to education, and we aim to become the one of the premier Universities in the country", said Kapil Misra.

NABH Accreditation

TSM Medical College and Hospital is a multi-award-winning College, with a national reputation for excellence in the medical field. One of the biggest achievements has been the successful accreditation of NABH standard for our hospital. National Accreditation Board for Hospitals & Healthcare Providers (NABH) is a constituent board of Quality Council of India, set up to establish and operate accreditation programme for healthcare organisations.

The board is structured to set benchmarks for progress of health industry and improve the quality of healthcare service in our country. Having NABH accreditation certifies that a hospital setting meets global standards and provides world class healthcare services. T.S.Misra Medical College and Hospital is the first and only private medical college and hospital in the state of Uttar Pradesh to get NABH accreditation.

Vice Chairman receives approval letter for University by Hon'ble Chief Minister

A milestone achievement for TSM as our vice chairman, Mr. Kapil Misra receives the "Letter of Intent" from hon'ble Chief Minister of Uttar Pradesh, Mr. Yogi Adityanath, thereby certifying approval for establishing TSM as its own private state university. This transition from a college to a university promises several benefits for our students as we can now offer a wider range of programs, partnerships and collaborations, research opportunities and increase our impact globally in academia and beyond.

Achieving accreditation has brought an improved level of community confidence and trust, safety and quality into focus, and a comprehensive roadmap for standardization, and also helped to promote a culture that is patient centered, system cards and provides oriented and one of continuous learning.

T.S Misra Medical College & Hospital acknowledged for its exceptional contribution in the treatment of COVID-19 patients

T.S Misra Medical College & Hospital has been acknowledged by the hon'ble Governor of UP for its exceptional contribution in the treatment of COVID-19 patients during the pandemic.

As seen here, our vice chairman, Mr. Kapil Misra receives the certificate of appreciation from the Governor of U.P, Smt. Anandiben Patel along with Respected Dean (Brig.) R.K Shrivastava.

SCHOOL OF MEDICINE

The T. S. MISRA MEDICAL COLLEGE AND HOSPITAL is an Institute that redefines the standards of excellence in health-care services and brings together the best of infrastructure, technology, training, education, and medical intelligence. Our unmatched quality standards along with cutting edge technology and medical intelligence enables us to provide personalized health-care services.

TSM Medical College & Hospital, Lucknow aims to lead the evolution of healthcare by delivering high-quality education, service, and research to improve the health and well-being of society. The institution is committed to developing compassionate, ethically sound, and professionally excellent medical graduates who serve communities across all aspects of healthcare—promotive, preventive, curative, rehabilitative, and palliative. With a strong culture of caring, innovation, and cost-effective technology, TSMCH emphasizes research grounded in ethical standards to enhance healthcare interventions, optimize resources, and support marginalized and vulnerable populations.

DR. (PROF.) ASHOK KUMAR SRIVASTAVA

It is my proud privilege to welcome you all at T.S. Misra Medical College & Hospital, Amausi, Lucknow. The medical college was started in 2016 with the permission of Medical Council of India for 150 seats in MBBS course. Now the post graduate courses are running in almost all the streams.

T.S. Misra Medical College & Hospital Lucknow is guided and nurtured by Vedic and Futuristic Edutech.

The aim of the College is to install the right attitudes & provide the proper knowledge and skills to Medical Students so that they not only to become a compassionate doctor, but also a good human being. We have tireless team lead by Chairman, Board of Directors, Addl. CMS & well trained experienced & enthusiastic teachers. I am sure that the academic environment that is provided here will help our students to develop as experts in their chosen field and become leaders of tomorrow.

With the pace at which T.S. Misra Medical College & Hospital is progressing and establishing its professional attributes, I am sure that in near future this organisation will be a mile stone in medical field in India and international level. I wish you a memorable, meaningful and rewarding tenure and emerge as world-class medical professionals.

After serving more than 39 years in Medical Colleges at various teaching & Administrative capacities in the field of Forensic Medicine & Medical Education, I joined T.S. Misra Medical College & Hospital

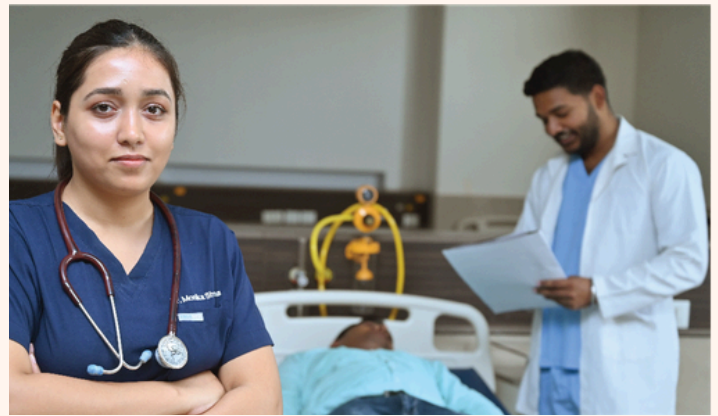

“

Being a developing nation, health and hygiene are mainstays in terms of national priority. With so many people living below the poverty line, statistics reveal that unhealthy living conditions will lead to disease and epidemics, unless a proactive approach by the medical community is put into action.

Keeping these in mind, TS Misra Medical College & Hospital was established in the year 2015, which envisions an ambience of excellence, inspiring value-based education, research and development. Besides transmitting necessary medical and technological skills, the college also tend to encourage students to be more active as a student-medical community to improve health conditions in the nation.

TS Misra Medical College & Hospital (TSMCH) is approved till date for an intake of 150 students in MBBS course by Medical Council of India, Ministry of Health & Family Welfare, Govt. of India. The college provides comprehensive facilities for teaching, research and patient care. TS Misra Medical College & Hospital (TSMCH) primarily imparts medical education of the highest standards to its MBBS and students of related biological sciences.

SUPER SPECIALITY HOSPITAL

“

T.S. Misra medical college and hospital is committed towards improving medical care services to make them more efficient and responsive. We are committed to providing high quality affordable and accessible, preventive, curative, promotive and comprehensive healthcare services to the community as a whole.

Meeting the challenges of an ever changing healthcare environment, T.S. Misra medical college & hospital provides a broad spectrum of wellness offerings equipped with the latest technologies and infrastructure supported by an experienced team of doctors and medical practitioners. We have a super speciality hospital run by Vedic and Futuristic Edutech with most ultra and modern facilities. The institute and hospital was established in the year 2015.

We bring together a dedicated team of healthcare professionals to provide the highest standards of healthcare services. Our full range of primary & specialty care medical services enables specialty consultation which cross assures outstanding treatment for each patient. We offer comprehensive medical solutions comparable to the best facilities in the medical world. We deliver accurate healthcare and ensure our team facilitates the best treatment.

Facilities

24 X 7 EMERGENCY SERVICES :

- The casualty functions round the clock on all days. Casualty direct no : 0522-2061122
- Casualty Medical officers and resident Doctors are available 24 hrs all days.
- Duty Doctors are available on call round the clock in all specialties.
- Emergency Cases are attended promptly. In serious cases, priority is given to treatment/management than paper work like registration and medico-legal cases.
- The decision rests with the treating doctor.
- Emergency operation theatre is maintained readily available on a regular basis to ensure that it is usable at all times

24 X AMBULANCE SERVICES :

SCHOOL OF NURSING

“

To prepare Nurses who will work in Hospitals and Community with dedication, devotion, compassion and kindness

1. To develop a Centre for Excellence in Nursing which will provide quality educational programs which are evidence based and encourage innovations to improve Patient Care.

2. Every Student Nurse who passes out from this institute will be an epitome of Nursing with adequate Scientific Knowledge and will be able to work at Primary, Secondary and Tertiary levels of care within the country and abroad.

3. Develop a Research Cell where the ongoing research will help to improve Patient Care and Nursing Education.

1. The nursing programmes are designed to meet current healthcare needs at both local and global levels, offering state-of-the-art healthcare services and serving as a vital resource for surrounding communities. The institution emphasizes research that strengthens the scientific and theoretical foundations of nursing. India offers vast career opportunities for nursing graduates in government, private, corporate, military, and international healthcare sectors. Graduates can also pursue careers in teaching and community health. For professional advancement, opportunities exist for higher education such as M.Sc. Nursing and Ph.D., along with specialized diploma and degree programmes in various advanced nursing fields.

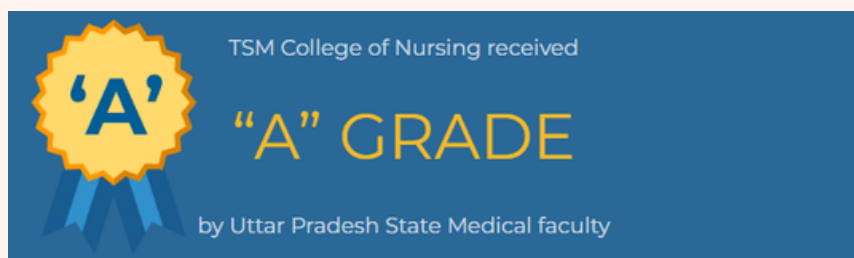

DR. THANGAM SHEELA R.
PRINCIPAL/DEAN

"T.S. Misra College of Nursing" is an institution that definitely fulfils all objectives of providing competent education. Nursing is a unique profession which has a blend of Cognitive, Psychomotor and affective domain. Nursing education empowers one to lift oneself from darkness to light. I feel that education should not be conned only to books but empower oneself to explore various avenues.

The students who join the institute are young with creative minds and ideas of their own. Each of them has innate abilities and their own strengths. As a facilitator, mentor, educator it is our bound duty to tap their interest and to build and inculcate the right values amongst them. The focus of the institute is to develop the personality of the student and to prepare nurses with right knowledge, kind and proper attitude.

The faculty along with all the non-teaching and supportive sta strive to provide quality nursing educa tion in order for them to render stan dard nursing care in the health care area. I would like to assure you that T.S. Misra College of Nursing is the right place for an individual to choose if he/she is in pursuit of a well-rounded career. I, as a Principal, look forward to seeing the institute in the limelight and to be recognized as one of the best Nursing Institutions.

With the health sector constantly evolving, these platforms keep our students up-to-date with the latest trends in their eld, and also encourage sharing of knowledge and experiences by professionals around the world for better growth & learn ing.

SCHOOL OF ALLIED & HEALTHCARE SCIENCES

“

T.S Misra College of Allied and Healthcare Sciences was established in 2017 to encourage and inculcate quality-based Allied and Healthcare Sciences education and to re-instate the significance of these courses in the health sciences, seeing the increasing need for skilled Allied and Healthcare Sciences in the medical field. It is important to mention that without Allied and Healthcare Sciences, the medical field would be crippled. Our college offers a unique combination of technical excellence, opportunities and experience to the students to mould them into highly skilled professionals.

We envision to emerge as a Centre of Excellence and a leader in the field of Health Sciences education, research & health care delivery. We seek to bridge the gap between demand and supply for specialized and trained manpower in medical and allied health sciences.

Our aim is to provide quality assurance in education in the Health Sciences, by an Integration of teaching and research related to medicine and allied sciences, through a transparent system of a good community. We seek to ensure better patient care through affordable and accessible services to the community.

Prof. Dr. Nityanand Upadhyay,
PRINCIPAL/DEAN

The Allied and Healthcare Sciences Profession is the noble professions, which contributes significantly & dynamically in preventive, Diagnostic, primitive & curative aspects of the health sector. Apart from being a highly responsible and dignified profession, this profession demands special skills (keen observation, Sample analysis and emergency identification, therapeutic use of self, effective communication, technical effectiveness and stress management of self), 24x7 service, dedication, patience, love & care for sick or injured patient. | www.tsm.edu.in.

I have great pleasure in welcoming you to the Faculty of Allied and Healthcare Sciences, T S Mishra University, Lucknow. The Faculty of Allied and Healthcare Sciences is the only one and unique institution in all over Uttar Pradesh region believes in quality education with a student policy. To go along with our philosophy, the College is equipped with all modern educational technology, state of art laboratories and well qualified teachers with established departments.

We also believe that there is no growth without research. We encourage our students to learn and apply modern technology in Diagnosis and Patient Care and also involve in research work. The main advantage of joining T S Misra family is having equipped with good physical infrastructure, well equipped Modern Laboratories, Library and clinical learning in parent teaching hospital T S Misra Medical College & Hospital 1200 bedded in same campus helps the Paramedical students to get training 24 x 7 hours in a safe environment. I feel happy when the talented students perform remarkably well. But it makes me proud when a weak student from a rural background progresses steadily from poor performance to better performance, moving towards excellence. I wish all the students joining to the Faculty of Allied and Healthcare Sciences, T S Mishra University, Lucknow with good luck and a promising career in the eld of Allied and Healthcare profession.

COURSES OFFERED

S.No.	Name of Courses	Total Intake	Duration
DIPLOMA			
1.	Diploma in Medical Laboratory Technician (DMLT)	100	2 Years
2.	Diploma in Operation Theatre Technician (DAOTT)	60	2 Years
3.	Diploma in Dialysis Technician (DDT)	60	2 Years
DEGREE			
1.	Bachelor of Physiotherapy (BPT)	50	5 Years
2.	Bachelor of Medical Laboratory Sciences (BMLS)	60	4 Years
3.	Bachelor of Medical Radiology & Imaging Technology (BMRIT)	60	4 Years
4.	Bachelor of Science in Forensic Science (B.Sc.FS)	100	3 Years
5.	Bachelor of Optometry (B.OPTM)	30	5 Years
Masters			
1.	Masters of Science in Forensic Science (M.Sc.FS)	40	2 Years

ELIGIBILITY CRITERIA

Diploma

- 10+2 With Physics, Chemistry, Biology/Mathematics' & English
- Minimum 50% marks (Gen./OBC) or 45% marks (SC/ST).
- 17 years on 31 December of admission Year

Degree

- 10+2 With Physics, Chemistry, Biology/Mathematics' & English.
- Minimum 50% marks (Gen./OBC) or 45% marks (SC/ST).
- 17 years on 31 December of Admission Year.

Masters

- B.Sc. Forensic Science / B.Sc. in Physics / Chemistry / Zoology / Botany / Biotechnology / Biochemistry / Microbiology / Genetics / Anthropology / Environmental Science / Bachelor's degree in Medical Sciences / Allied & Healthcare Sciences / Any allied Life Science or Physical Science
- A minimum of 50% marks in the qualifying examination (45% for reserved categories, as per university norms).

MOU PARTNERS

SCHOOL OF PHARMACY

Pharmacy is a subject which deals with the techniques of preparing and dispensing drugs. Pharmacy degrees teach students how different types of drugs affect the human body and mind and how they interact when mixed together. So, in order to successfully study Pharmacy, you'll have to make Chemistry your friend. Pharmacy studies will involve spending time in laboratories, researching and learning about the chemistry used to develop medication. Some of the courses covered by this degree consist of: Pharmaceutics, Medicinal Chemistry, Pharmacognosy, and Pharmacy Practice. Students will learn about the fundamentals of pharmaceutical sciences. They will gain knowledge from related elds, such as Medicine, Chemistry, Biology, and even Ethics.

During the final years of study, the approach will shift from theory towards practice. You will also have to do an individual research project and present your findings.

TS Mishra School of pharmacy offers Diploma, UG programmes in Pharmacy with dedicated and well qualified faculty members who give a complete insight from designing of a drug to creating new drug therapies. The classrooms are well lit and equipped with audio video teaching aids for effective teaching learning process. The School of Pharmacy has state-of-the-art-laboratories that are supported by trained Lab technicians where students perform practical under the supervision of experienced faculty members. To keep up with the Industrial expectations, has collaborated with several reputed Organizations that are benefitting students via research projects, guest lecturers as well as employability.

OUR SPECIALITIES

- Unpolluted and healthy atmosphere
- Ideal campus with all amenities
- Experienced and dedicated faculty
- Well-equipped laboratories
- Full- edged library Individual attention to students with remedial measures.
- Guidance for better training and placements for future career.
- Evaluation reports of students sent to the parents.
- Digital classrooms.

Prof. (Dr.) Savita Upadhyaya
PRINCIPAL/DEAN

“OUR GOAL IS TO CHANGE WORLD THROUGH EDUCATION”

First of all, I congratulate and welcome the budding Pharmacists in our School and their entry in to the world of a prosperous career. Our aim is not only to produce pharmacy graduates but also to mould an ideal Pharmacy professional who can cater the needs of society and the challenging Pharmacy profession.

Our School is provided with the state of the art facilities, young dynamic and meritorious faculty, well-furnished and equipped laboratories with modern instruments, excellent library, and computer lab with latest configuration of computers with Internet facility. TS Mishra School of Pharmacy is committed to render value-based quality Pharmaceutical Education, following innovation in teaching and learning methods. Emphasis is given to personality development, by conducting soft skill training, career orientation programs, etc.

Our faculties are qualified, passionate professionals who can understand the young minds. Students are encouraged to participate in conferences, workshops and developmental programs. The advancement and globalization in the pharmaceutical sector have created a vast scope for qualified pharmacists in Pharma Industries, Academics, R&D, Marketing and Management, Hospitals, Clinical Research, Government agencies, etc. “An investment in education pays best dividend”. From molecules to miracles, your journey in modern Pharmaceutical Sciences and healthcare starts here.

I look forward to welcome you in T.S. Misra School of Pharmacy.

COURSES OFFERED

SCHOOL OF AYURVEDA

“

The School of Ayurveda is a traditional system of medicine that originated in India over 3,000 years ago. The term “Ayurveda” is derived from Sanskrit, combining āyus (life) and veda (science or knowledge), meaning “the science of life.” It is a holistic approach to health that emphasizes balance in bodily systems through diet, herbal treatments, and yogic practices.

1. **Five Elements (Panchamahabhuta):** Ayurveda believes that the universe is composed of five elements—earth, water, fire, air, and ether (space). These elements form the foundation of all living and non-living matter.

2. **Three Doshas (Tridosha Theory):** The body's health is determined by the balance of three doshas, which are biological energies derived from the five elements:

- **Vata** (air and ether): Governs movement, including circulation, breathing, and the nervous system.
- **Pitta** (fire and water): Responsible for metabolism, digestion, and body temperature.
- **Kapha** (earth and water): Controls growth, structure, and stability, including the immune system.

3. **Balance and Individuality:** Ayurveda holds that each person has a unique constitution (Prakriti) based on their dominant doshas. Health is maintained by balancing these doshas through personalized treatments, diet, and lifestyle.

4. **Health and Disease:** In Ayurveda, disease is seen as an imbalance in the doshas. Treatment focuses on restoring harmony in the body, mind, and spirit.

Ayurvedic Treatments

- **Diet and Nutrition:** Ayurveda recommends a diet based on individual dosha types, seasonal changes, and the nature of food (sattvic, rajasic, tamasic).
- **Herbal Medicine:** Various herbs, minerals, and metals are used to restore balance, boost immunity, and detoxify the body. Some common herbs are turmeric, ashwagandha, and triphala.
- **Panchakarma:** A series of cleansing and detoxification procedures aimed at eliminating toxins from the body.
- **Yoga and Meditation:** Physical and mental exercises are integrated into daily routines to improve flexibility, mental clarity, and overall well-being.
- **Rasayana (Rejuvenation Therapy):** Aimed at rejuvenating the body, improving longevity, and enhancing mental faculties.

Modern Relevance

While Ayurveda is rooted in ancient traditions, it has gained renewed global attention as an alternative or complementary medicine system. Many Ayurvedic practices, particularly herbal medicine and dietary guidelines, are widely used for chronic diseases, stress management, and wellness. Ayurveda is practiced widely in India, Sri Lanka and many other western countries having official recognition in India's healthcare system.

Dr. Charu Gauba
PRINCIPAL/DEAN

Welcome to the School of Ayurveda, where tradition meets modernity in healthcare education. Our institution is committed to delivering high-quality education in Ayurvedic sciences, offering specialized courses in Ayurvedic Nursing, Panchkarma Therapy, and Ayurvedic Diet & Nutrition.

At the School of Ayurveda, we emphasize not only academic excellence but also the holistic development of our students. Our programs are designed to nurture well-rounded professionals by incorporating personality development and interpersonal skills into the curriculum. With our state-of-the-art facilities and a highly qualified faculty, we ensure that students receive hands-on training and practical experience to excel in their chosen fields.

The scope for career opportunities in Ayurveda is vast. Students from our school are well-equipped to secure rewarding positions in both government and private sectors, ranging from healthcare services to wellness centers. With the increasing global interest in natural and holistic health practices, Ayurveda professionals are in high demand worldwide.

We invite you to join us on this enriching journey of learning and growth, and together, we can contribute to the promotion of health and wellness through the time-honored science of Ayurveda.

COURSES OFFERED

S.No.	Name of Courses	Total Intake	Duration
	Degree		
1.	B.Sc. Nursing Ayurveda	80	4 Years

ELIGIBILITY CRITERIA

Degree

- 10+2 with any stream with minimum 50% marks from a recognized education board or through counselling from University Entrance.
- Other Degree or Diploma holders can also apply.
- Age: 17-35 years

MOU SIGNED

The MoU signed with the School of Ayurveda marks a significant step toward academic collaboration and holistic education. This partnership aims to promote knowledge exchange, joint programs, research activities, and practical training in Ayurvedic sciences, providing students with enhanced learning opportunities and exposure to traditional healthcare practices.

T S M

SCHOOL OF BUSINESS MANAGEMENT

ATSM School of Business Management develops leaders with a global perspective and Indian values, promoting the creation of sustainable organizations that enhance social efficiency and well-being.

The primary goal of a business management school is to prepare students with the knowledge, skills, and attributes required to thrive in an ever-evolving future. At School of Business Management, we embrace this responsibility.

Our student-centric approach prioritizes industry needs in the curriculum while continuously updating programs to maintain their relevance. Experienced faculty members with industry expertise deliver the curriculum using diverse pedagogical methods, including classroom teaching, case studies, virtual learning, experiential activities, simulation games, industry guest lectures, and academic workshops.

During the program's journey, students develop teamwork, refine soft skills, engage in internships, apply management techniques to societal challenges, contribute to social work, and gain proficiency in research. Exposure to Massive Open Online Courses (MOOCs), NPTEL, and campus-based independent projects fosters entrepreneurial thinking.

Our faculty actively contributes to academia by publishing in national and international journals, authoring textbooks, organizing workshops, and working towards enhancing the Indian business ecosystem and fostering meaningful collaboration.

KEY FEATURES

- Industry-Oriented Curriculum aligned with current business, commerce, management and research trends.
- Experiential Learning through case studies, projects, internships, workshops and field exposure.
- Skill development and focus on leadership, communication, analytical thinking, digital competencies and problem-solving.
- Career & Research Opportunities with strong support for placements, entrepreneurship, higher studies and innovation.
- Expert Mentorship & Professional Growth through guidance from experienced faculty members, industry experts.
- Exceptional research environment driven by cutting-edge facilities and world-class mentorship.

DR. SUSHIL PANDE
PRINCIPAL/DEAN

"Welcome to T.S.M. School of Business Management where global business leaders for tomorrow's business world are developed."

It is my pleasure to invite you to a community dedicated to academic excellence, innovation, and responsible leadership. Founded with a clear purpose, our school is committed to developing principled leaders, innovative thinkers, and responsible global citizens who are prepared to shape the future of business. T.S.M. School of Business Management is designed to equip students with strong analytical foundations, practical skills, entrepreneurial spirit and a global perspective needed to thrive in an ever-changing business environment.

We are committed to delivering cutting-edge business education where highly qualified faculty members prepare students for the rapidly evolving world of business and training that equip students with essential knowledge, skills, and values for successful careers. Our distinguished faculty members comprise seasoned professionals with a strong blend of industry and academic experience, dedicated to mentoring students.

Our programs are designed to blending academic excellence with strong industry partnerships which align with industry needs, supported by robust corporate connections that offer students valuable opportunities for internships, live projects, and placements. We emphasize experiential learning, ethical decision-making, and close engagement with industry, ensuring that our graduates are not only career-ready but are also prepared to make meaningful contributions to society. Guided by an accomplished faculty and supported by a collaborative culture, our students are encouraged to think critically, lead with integrity, and pursue lifelong learning.

I invite you to join us as we build a vibrant learning community and set new standards of business excellence together.

Doctorate

- Candidates must have completed a Master's degree in or equivalent any discipline from a recognized university.
- A minimum of 50% marks in the qualifying examination (45% for reserved categories, as per norms).
- Admission may be based on merit and/or entrance examination (such as university-level test), followed by group discussion and/or personal interview.

MOU SIGNED

The School of Business Management proudly signed many Memorandum of Understanding (MOUs) to strengthen industry-academia collaboration and provide students with enhanced learning opportunities. These MOUs aim to promote industry exposure, skill development, internships, expert lecture, live projects and collaborative research, enabling students to gain practical insights alongside academic knowledge. The partnerships mark a significant step toward nurturing future business leaders with industry-ready skills and professional competence.

T S M

SCHOOL OF COMPUTER SCIENCE & AI

“

School of Computer Science and Artificial Intelligence is well applauded for its modern, up-to-date and contemporary academic curriculum, programmes, mechanisms and structures. The educational setup powered by the department's state-of-the-art facilities, research bent, technology-driven environment and industry-relevant practices ensure a stimulating development regime for students. It produces competent professionals who have the capability to take on leading roles in industry, academia and as entrepreneurs. The students are encouraged to start careers in research, incubate their start-ups or deep-dive into the core computing industry.

Vision

To be recognized as a leader committed to excellence in Computer Science and Engineering education, research and innovation.

Mission

- To offer cutting edge facilities and a professional, collaborative setting that empowers students and faculty to excel in teaching, learning, and innovation.
- To remain adaptive and inventive in structuring academic programming and systems—ensuring agility in addressing shifts in technology, pedagogy, and industry needs.
- To nurture graduates who combine global competence with creative problem-solving, strong ethical standards, and the ability to thrive in fast-evolving tech environments.
- To foster high-quality research and development initiatives that address societal challenges and contribute to technological progress and public good.

KEY FEATURES

- Implementation of a Choice Based Credit System (CBCS) adhering to University Grant Commission (UGC) guidelines.
- Regular industrial visits to familiarize students with industry practices.
- Opportunities for career advancement in various sectors such as Data Scientist, System Admin., Network Engineer, Project Assistant, Computer Programmer, Software Developer, Software Architect and Software Tester.
- The curriculum provides students with the edibility to choose electives in their final year based on their evolving interests, promoting a liberal and globally-oriented mindset. Additionally, the program emphasizes international opportunities like the Student Abroad Program (SAP), coupled with robust industry exposure and support for career development, including preparation for competitive exams.

Dr. Amit Kumar Pathak
PRINCIPAL/DEAN

Dr. Amit Kumar Pathak has completed his B. Tech, M. Tech & Ph.D. in the field of Computer Science & Engineering. His area of research is Network Security. He has over 18 years of teaching experience in the same area. Dr. Pathak has worked with Aligarh Muslim University, Aligarh, Dr. APJ Abdul Kalam Technical University, Lucknow, etc. He is co-author of a book titled "Artificial Intelligence" and has written many research papers and also published & granted patents. He has worked as a reviewer for international conferences & journals. He is an active member of the International Association of Engineers.

He has worked as Examination Superintendent at AKTU & National Institute of Electronics and Information Technology, New Delhi (Ministry of Electronics & Information Technology, Govt. of India), etc., and has also been appointed as an External Examiner for various institutes and universities. He has successfully coordinated refresher courses organized by UGC Academic Staff College, AMU, Aligarh.

Dr. Pathak attended & organized various programs of IIT Bombay's Spoken Tutorial at various institutes. The Department of Computing & Data Science will touch new heights of AI & ML with his leadership. The department will also be supported by various eminent professors and industrialists for the academic and professional development of our students.

T S M SCHOOL OF LAW

“

T.S. Mishra Law School, a distinguished constituent of T.S. Mishra University, stands as a beacon of legal education and professional excellence in the heart of Uttar Pradesh. Established with a commitment to nurturing socially responsible and ethically grounded legal professionals, the Law School is inspired by the legacy and vision of Hon'ble Late Justice Tribeni Sahai Mishra, a towering figure in Indian judiciary and public life.

With a strong academic foundation, modern infrastructure, experienced faculty, and industry-linked pedagogy, T.S. Mishra Law School is committed to imparting holistic legal education that bridges theory with practice. Our state-of-the-art Moot Court Hall, legal aid clinics, specialized law labs, and research-driven curriculum prepare students to thrive in diverse legal environments—be it in litigation, corporate law, judicial services, or policy-making.

We offer a comprehensive range of programmes including B.A. LL.B. (Hons.), BBA LL.B. (Hons.), LL.M. (in multiple specializations), and Ph.D., with a strong emphasis on professional ethics, legal research, and real-world application. Our dynamic learning ecosystem is further enriched by student-led clubs, national-level competitions, and continuous faculty mentorship.

Vision

To emerge as a leading center of excellence in legal education, research, and professional development—dedicated to nurturing ethically grounded, socially responsible, and globally competent legal professionals who uphold justice, equity, and the rule of law.

Mission

- To impart quality legal education through an innovative, interdisciplinary, and practice-oriented curriculum aligned with contemporary legal needs and societal challenges.
- To cultivate ethical, socially aware, and justice-oriented legal professionals who are committed to upholding constitutional values and the rule of law.
- To promote a culture of legal research and critical inquiry that addresses emerging legal and policy issues at national and global levels.
- To encourage experiential learning through moot court competitions, legal aid clinics, internships, and hands-on training in real-world legal environments.
- To foster inclusivity, diversity, and equal opportunity in legal education, empowering students from all backgrounds to excel and lead.
- To build strong academic-industry linkages that enhance career readiness and connect students with opportunities in litigation, corporate law, judiciary, civil services, and legal consultancy.
- To instill leadership, communication, and advocacy skills that enable students to be effective change-makers in the legal and civic spheres.

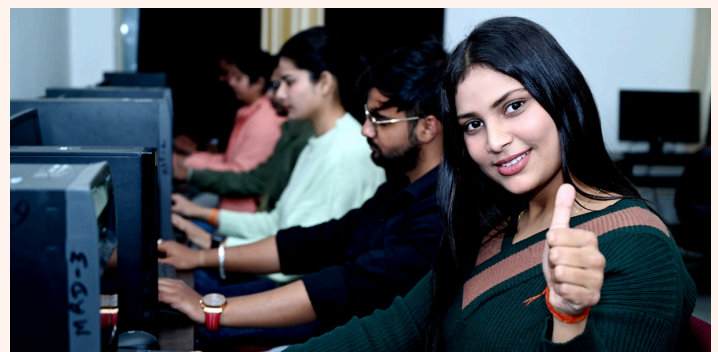

Prof. (Dr.) C.P. Singh
PRINCIPAL/DEAN

Prof. (Dr.) C.P. Singh is a distinguished legal academic and administrator, currently serving as the Dean of T.S. Mishra Law School at T.S. Mishra University, Lucknow. With a profound commitment to legal education and reform, he has been instrumental in shaping the institution's academic vision and fostering a culture of excellence.

Under his leadership, the Law School has organized significant events, including the 3rd National Seminar on "New Criminal Laws for a New Era: Need, Focus, and Long-Term Vision," in collaboration with Into Legal World. This seminar brought together eminent legal minds to discuss transformative changes in India's criminal justice system.

Prof. Singh's dedication extends beyond academia; he has actively participated in community outreach programs, such as organizing candle marches to honor victims and promote social awareness. His holistic approach to legal education emphasizes not only academic rigor but also ethical practice and societal impact. With extensive experience in legal research, curriculum development, and institutional leadership, Prof. Singh continues to inspire students and faculty alike, steering T.S. Mishra Law School towards becoming a beacon of legal scholarship and social responsibility.

WORLD CLASS FACILITIES

Lecture Theatres

T.S.Mishra University has state-of-the-art Lecture Theatres with a capacity to accommodate up to 250 students. It is spacious and well furnished. Modern Teaching aids such as Audio visual aids including touch screen smart board, LCD Projectors, stylus etc. are available. T.S.Mishra University has four such Lecture Theatres in University building & one Lecture Theatre in hospital building for 250 students presently.

Classroom Facilities

At T.S.Mishra University, we believe that the structure of the classroom contributes to the student's learning process. Our college is equipped with spacious and well-ventilated classrooms with ample natural lighting and comfortable seating for our students to learn in a better environment. Most classrooms are also equipped with modern visual aids such as projectors to facilitate better learning.

Library

T.S.Mishra University has state-of-the-art Lecture Theatres with a capacity to accommodate up to 250 students. It is spacious and well furnished. Modern Teaching aids such as Audio visual aids including touch screen smart board, LCD Projectors, stylus etc. are available. T.S.Mishra University has four such Lecture Theatres in University building & one Lecture Theatre in hospital building for 250 students presently.

Laboratory

A capacity to have more than 100 students. The labs have workstations with running water, electrical and gas connections. Anatomy, Physiology, Biochemistry, Microbiology, Pathology, Histopathology, Cytopathology, Blood Banking, OT, ICU, NICU, PICU, Emergency, Physiotherapy Labs and Pharmacology Labs in the College give an opportunity to the students to carry out experimental practical's.

Cafeteria

On campus food and catering is available in-house in the college cafeteria, offering a wide selection of dishes and beverages to choose from. It is a popular hang-out spot for students. There is a big canteen of more than 500 capacities in the campus. Facilities of snacks and food of good quality are provided on subsidized rates to all, maintaining full hygiene & sanitation.

Transportation

T.S.Mishra University offers transport facility to its students and faculty members on very nominal charges. College transport has very vast network in the city to pick and drop the students and faculty members from their places.

Mess

The hostel premises comprise of separate dining facility in the Boys' and Girls' hostels. We have a multi-floor Mess for the boys with a modern kitchen, which caters for more than 400 students. The Girls Hostel also has a separate dining hall and well equipped kitchen. The mess provides the students with breakfast, lunch, evening snacks and dinner; and both vegetarian and non-vegetarian options are available. It is ensured that the food served is hygienic, nutritious and tasty to meet the student's requirements. The college management staff eats the same food to check and maintain the food quality standard.

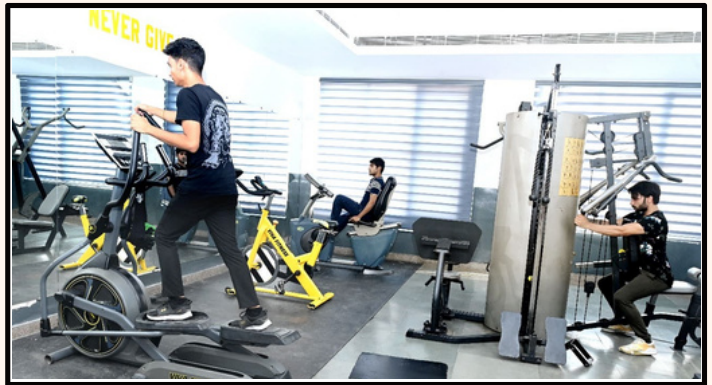

Hostels

Separate boarding hostels are available for boys and girls. The rooms in the hostels are 3BHK flats. Each flat is fully furnished, and shared by 3 students; with individual single bed rooms for each and a common room and pantry. A common re-creation room is located on the ground floor of each hostel, having television and indoor games like carom, table tennis, chess etc. Water coolers, Mess, housekeeping, in-house laundry and dry cleaning and high speed wifi services are also available. The hostels are under 24x7 CCTV surveillance.

Gymnasium

The gymnasium facility in a university provides students with a well-equipped space to maintain physical fitness and a healthy lifestyle. It includes modern exercise machines, free weights, and areas for workouts such as cardio, strength training, and yoga. The university gymnasium promotes overall well-being, helps reduce stress, and encourages discipline, teamwork, and a balanced campus life alongside academic excellence.

Salon

The salon facility in a university offers convenient grooming and personal care services to students and staff within the campus. It provides services such as haircuts, hairstyling, and basic beauty care at affordable rates. This facility helps save time, promotes personal hygiene and confidence, and adds to the comfort and overall well-being of the campus community.

ORIENTATION DAY

The Orientation Day celebration in a university is organized to welcome new students and introduce them to campus life. It familiarizes students with academic programs, faculty members, rules, and available facilities. The event helps students feel comfortable, motivated, and confident as they begin their academic journey, fostering a sense of belonging and enthusiasm for university life.

CULTURAL EVENTS

The cultural events celebration in a university provides a vibrant platform for students to showcase their talents and creativity. These events include music, dance, drama, and traditional performances that reflect cultural diversity. Cultural celebrations promote unity, teamwork, confidence, and mutual respect, while enriching campus life and encouraging holistic development beyond academics.

Recreation Room

A separate recreation room is located in each of the hostels, to help the students relax and unwind at the end of the day. Equipped with a television set for students to watch in their leisure time, the room also has newspapers and magazines for reading and indoor games such as table tennis, carom, chess etc. for students to play.

Sports

The Maple grounds in the college provide opportunities for sports and other recreational activities to the students. We have cricket and football fields, basketball, volleyball, tennis and badminton courts in our campus to encourage sports and outdoor activities among students. TSM also organizes an annual "Sports Week" inviting students from all batches to participate in various sports activities and showcase their talent.

NATIONAL DAY CELEBRATIONS

TSM, we celebrate Republic Day and Independence Day each year with fervour by conducting a function with a hoisting ceremony and various activities to imbibe the patriotic feeling to its extent.

ANNUAL FEST

Every year, TSM hosts an annual week-long cultural fest for its students; with various sports and cultural activities ranging from sports, academics, drama, art and craft, music and dance. College-wide participation at any skill level is encouraged.

The fest begins with competitions between various teams; and on the last day is followed by a cultural evening and prize distribution ceremony for the winners.

Scholarship Program For Students

ACADEMIC MERITS SCHOLARSHIP

Right to Education is one of the fundamental rights of every Indian citizen. T.S. Mishra University believes that money should not be a roadblock for a student with innovative ideas in his mind and passion in his heart. We extend scholarships and financial assistance to meritorious students based on their academic achievements. Scholarship benefit schemes run by U.P. State Government & Central Government will be provided to all the eligible students as per the discretion of the approving body.

SPORTS CATEGORY SCHOLARSHIP

Students who have demonstrated excellence in sports at the National and State levels may qualify for a Sports Scholarship ranging from 10% to 100% on tuition fees for the first year. For updated and detailed information on the nature of sports and eligibility criteria, please visit the University campus. This scholarship is applicable for achievements in the academic year 2024-25 and beyond.

NAVAL/ARMY/AIR FORCE/COASTAL GUARD/CRPF SCHOLARSHIP

A 5% scholarship is offered on the tuition fee for the first year to children of Military/Paramilitary/Government Security Forces, serving and retired Defense Personnel, in all courses except Medical, Dental, Nursing, and Pharmacy.

SIBLING SCHOLARSHIP

A fee waiver of 5% is granted in the first year for students whose siblings are pursuing education at the university, with proof of relation required

STUDENT'S TESTIMONIALS

I have had a positive and enriching learning experience. The curriculum is industry-oriented, and the faculty members are knowledgeable, supportive, and approachable. The university provides good infrastructure, practical exposure, and opportunities for skill development, helping students gain confidence and prepare for real-world business challenges.

Namrata Pandey
B.B.A.(Batch 2024)

As a Law student, my experience has been both informative and enriching. The faculty members are knowledgeable and supportive, and they focus on practical learning through moot courts, case studies, and interactive sessions. The academic environment encourages critical thinking, builds confidence, and helps develop the skills required for a successful career in law.

Akash Singh
B.B.A LLB (Batch 2024)

My experience has been engaging and enriching. The faculty members are knowledgeable and supportive, and the curriculum balances strong theoretical foundations with practical learning. Regular lab sessions, projects, and industry-oriented training help develop problem-solving skills and prepare students for real-world technology challenges.

Aditya Singh
B.Tech. (Batch 2024)

I want to express how thankful and proud I am to be a student of TSMCON. I chose TSM college of Nursing because of its fantastic infrastructure, reputation, atmosphere and quality of nursing education with excellent clinical opportunities.

Vijay Sharma
B.Sc. Nursing (Batch 2017)

I feel immense pride to be a part of T S Mishra University. I extend my heartfelt thanks to all the Professors and supporting staff members of TSM family for giving me lessons of life They refined my technical proficiencies and made me a disciplined and confident person.

Dr. Ashish Shahi
Mbbs (Batch 2018-19)

My experience has been highly enriching and career focused. The program emphasizes practical learning through case studies, presentations, internships, and industry interactions. The faculty members are experienced and supportive, helping students develop leadership, communication, and strategic thinking skills essential for the corporate world.

Ragini Singh
MBA (Batch 2025)

Choosing T. S. Misra College of Nursing was the best decision I have made. The vibrant campus, dedicated faculty and cutting-edge facilities have fueled my passion to be a confident and skilled healthcare nursing professional.

Shreya Victor
B.Sc. Nursing (Batch 2023-2024)

my experience has been very rewarding and educational. The faculty members are experienced and supportive, with a strong focus on both theoretical knowledge and practical laboratory training. The curriculum is well-structured, and the facilities help us develop the skills and confidence needed for a successful career in the pharmaceutical field.

Ananya Sharma
Pharmacy (Batch 2022)
